

Where to Stay in the Region

Wherever you want to stay, we can accommodate your needs. The Region offers business visitors every option from city centre convenience to rural peace and quiet. From venues that build in leisure activities to timesaving on-site accommodation, we have the full spectrum of facilities required to delight every kind of delegate.

With over 30,000 bed spaces available daily, the Region is well served by most international hotel chains and a host of privately owned bed and breakfast hotels spread throughout the suburbs. You'll also find a wide choice of serviced apartments offering the convenience of home comforts.

Details of all accommodation that have been inspected by VisitBritain, the AA or the RAC are available on the regional Heart of England Tourism website.
